

Merits interval Q

0.80–1.00

0.60–0.80

0.40–0.60

0.20–0.40

0.00–0.20

Liable

Not liable

Court finding ($\sigma = 0.40$)

This Sankey diagram illustrates the distribution of court findings (Liability) based on the Merits interval Q . The diagram is divided into five horizontal bands representing the Merits interval Q on the left and the Court finding ($\sigma = 0.40$) on the right. The flows are as follows:

Merits interval Q	Liable	Not liable
0.80–1.00	0.15	0.05
0.60–0.80	0.15	0.15
0.40–0.60	0.15	0.15
0.20–0.40	0.15	0.15
0.00–0.20	0.15	0.15
